

দুর্গাবাড়ী
Durgabari

APPEAL FOR UNITY

The Durgabari Society oversees the temple complex's normal operation and organizes fund-raising activities as well as humanitarian, cultural, and literary events. Most importantly, it serves as a social platform for members to connect and foster a sense of belonging to society at large. The Durgabari Society is a diverse group dedicated to preserving and expanding our community's traditions and heritage.

The Durgabari Management has worked tirelessly to preserve the important traditions so that future generations might benefit from them.

On behalf of the Durgabari Society, we would like to express our gratitude to all life members, devotees, and staff for their dedicated support. Members are urged to participate in all Durgabari events and to support the organization's continuous growth and development.

Come visit and explore our wonderful Durgabari. In our temple, you can practice silent meditation, learn about human philosophy, be entertained by colorful strains of community ethos, and immerse yourself in Bengali ethnicity and culture.
